OBJECTIVE

Provide high quality patient care at a dedicated cardiac facility using evidence based perfusion protocols to match patient needs with technique selection.

EMPLOYMENT

Marlboro Drug Co

Certified Pharmacy Tech

1998-2006

Walgreen's

SR. Certified Pharmacy Tech

2006-present

EDUCATION

Francis Marion University

Florence, SC

Bachelors of Science,

Major in Biology with Minor in Chemistry

2002-2006

Vanderbilt University

Nashville, TN

Programs in Allied Health

Cardiovascular Perfusion

Expected Graduation Date

2006-present

June 1, 2008

CLINICAL ROTATIONS

Vanderbilt University Medical Center
Nashville, TN

Veterans Affairs Medical Center
Nashville, TN

Vanderbilt Children's Hospital
Nashville, TN

Current Cumulative Case Load:

170 Adult Cases (Primary Perfusionist)
10 Children Cases (Secondary Perfusionist)

CLINICAL EXPERIENCE

CABG	Aortic aneurysms	VAVD
Valve replace/repair	Autotransfusion (cell saver)	Redo's
Femoral Bypass	Centrifugal/Roller Pumps	IABP
Atrial Ablation/Maze	Liver Transplants	Pulsatile Flow
Antegrade/Retrograde	Hemoconcentration	ZBUF
Cerebral Perfusion	MUF	ASD/VSD
Heart Transplants	Lung Transplants	Mini MVR
Laser lead extraction	Hybrid Suites	Tandem Heart
PFO	RAP	VADs

EQUIPMENT USED

Sarns 8000, Terumo System 1, CentriMag Console
Quest MPS, blood and crystalloid cardioplegia
Terumo and Medtronic oxygenators and circuits
CDI 500, Cerebral oximetry
Haemonetics Cell Saver, Hemochron Jr
Thoratec, IABP, Tandem Heart Console, Electronic Perfusion Charting,
CardioPAT, Jostra Rotoflow, PLS

MEMBER

American Society of Extracorporeal Technology
Student Member since 2006

American Academy of Perfusion
Student Member since 2008

Tennessee Perfusion Association
Student Member since 2006

CONFERENCES ATTENDED

Tennessee Perfusion Association Conference-Nashville, TN-Sept. 2007

PRESENTATION

A Student's Perspective- Cardiac Surgical Suites: Hybrid vs Conventional. Presented at TPA 8th Annual Meeting, Nashville, TN. September 2007.
